

VICTORIA

STATE OF THE ART

20 years old tradition

Victoria-05 Ltd. was established in 2004 and started as a small private company, specializing in the production of solid fuel appliances with integral boilers, mainly for the German market. For those 20 years, **Victoria-05 Ltd.** has proven to be one of the highest-quality European producers of solid fuel appliances and it has extended its markets to more than 25 countries worldwide. The company's main partners are situated in Germany, France, Netherlands, United Kingdom and South Africa.

Victoria-05 Ltd. is placed on 30 000 m² of land. One hundred highly skilled personnel and a modern technological equipment guarantee the production of high quality wood burning stoves, cookers, fireplaces, pellet stoves and boilers, flue pipes.

The production of **Victoria-05 Ltd.** is tested and certified in accordance with EC Regulations and Directives. Most of the products meet the strict requirements of national laws in Germany (BImSchV-2, BAFA) and UK (DEFRA).
